

**Documentation of statistics for
Insurance companies and pension funds 2017**

1 Introduction

The purpose of these statistics is to quantify insurance companies and pension funds profit and loss accounts and assets and liabilities, in DKK millions on an aggregate level. These statistics are comparable from 2001 and onwards.

2 Statistical presentation

These statistics include an annual statement of the number of insurance and pension companies as well as their profit and loss accounts as well as their income statement in DKK millions. These statistics are conducted for life insurance companies, non-life insurance companies and pension funds.

2.1 Data description

These statistics are an annual statement of the number of life insurance companies, the number of non-life insurance companies, and the number of pension funds. In addition, for life insurance companies and non-life insurance companies, profit and loss accounts as well as balance sheet are estimated at an aggregated level in DKK million. For pension funds, assets and liabilities are stated in DKK million divided into intersectoral pension funds and corporate pension funds. Also estimated for pension funds, are the:

- number of members
- number of working members
- number of retired members
- number of retired spouses
- number of children receiving child pension

2.2 Classification system

These statistics follow [Dansk Branchekode DBo7](#). Insurance and pension companies are usually registered in industry *K65 - Insurance, reinsurance and pension funding, except compulsory social security*.

2.3 Sector coverage

The financial sector.

2.4 Statistical concepts and definitions

AES: Arbejdsmarkedets ErhvervsSikring. Behandler arbejdsskadesager, udbetaler erstatning for erhvervssygdomme og opkræver AES-bidrag.

ATP: Arbejdsmarkedets Tillægspension - Administrerer den obligatoriske pensionsordning ATP Livslang Pension. ATP blev oprettet af Folketinget den 3. marts ved lov i 1964.

LD: Lønmodtagernes Dyrtidsfond eller blot LD er en organisation, der blev oprettet i 1980 for at forvalte de penge, som staten ikke længere skulle regulere lønningerne med i tilfælde af prisstigninger.

SP: Den Særlige Pensionsopsparring. Særlig Pensionsopsparring omfatter alle lønmodtagere, der arbejdede i perioden 1998-2003. Den Særlige Pensionsopsparring blev suspenderet i 2004, og endeligt ophævet i slutningen af 2009. De indbetalte penge kunne derefter hæves af dem der havde indbetalt dem.

2.5 Statistical unit

The statistics are published for the legal entities by their CVR-number in Statistics Denmark's Business Registers.

2.6 Statistical population

Companies that provide some kind of financial aid based on risk calculations and statistics.

2.7 Reference area

Denmark.

2.8 Time coverage

These statistics covers the period from 2001 and onwards for insurance companies and from 2000 and onwards for pension funds.

2.9 Base period

Not relevant for these statistics.

2.10 Unit of measure

DKK million.

2.11 Reference period

01-01-2017 - 31-12-2017

2.12 Frequency of dissemination

Annual.

2.13 Legal acts and other agreements

As all statistical information has been collected and published by other authorities, a special title is not needed. No EU-regulation.

2.14 Cost and burden

There is no response burden as the data is already published by the Danish FSA.

2.15 Comment

Additional information is available by contacting Statistics Denmark.

3 Statistical processing

Compared to the source data the wording of certain items can be changed or aggregated.

3.1 Source data

Danish FSA.

3.2 Frequency of data collection

Annual.
